# EarlyON Spring Calendar 2024

## Programs

- All About Me**  
Focus on teaching children about themselves, family and pets.
- Active Play**  
Providing children with unique physical activities including parachute fun, bean bag toss, and other physical activities.
- Chinese Together Time**  
Families have the opportunity to socialize while children develop new language such as Cantonese & Mandarin..
- Community Helpers**  
Children will learn about occupations: Firefighters, Bus Drivers, Police Officers, and Librarians in an interactive environment.
- Creative Learning (4-6 Years)**  
Helping children in Kindergarten strengthen their reading and math skills.
- Dad & Me**  
A program for dads and male role models to bond with children through play and fun activities.
- Family Time**  
An interactive drop-in program which includes siblings over 6 years.
- Fun with French**  
An excellent introductory program to introduce children to simple French words.
- Fun with Letters**  
Starting to recognize letters by participating in different hands-on activities: -alphabet blocks, puzzles, stamps and storybooks.
- Fun with Numbers**  
Participating in different hands-on activities which may include number puzzles, counting toys, counting beads and flashcards.
- Healthy Eating**  
To promote the development of healthy eating habits in young children. Children will have the opportunity to help make a healthy snack that they will enjoy at snack time
- Infant Massage (0-18 Months)**  
The families will be encouraged to massage their babies during the demonstration by using canola or olive oil.
- Little Explorers**  
Includes hands-on activities, with more emphasis on fine motor development, and tactile use (involves touch).
- Music Fun**  
An interactive program where children and parents will explore various types of music and musical instruments.
- Readiness to Learn**  
Providing preschoolers with key learning skills they need to succeed in a school setting: independent, listening and social skills.
- Science Magic**  
An engaging program where children ages 0 to 6 discover science through fun experiments and hands-on activities.
- Story Time**  
Focusing on storytelling in a group setting. A variety of stories are read in the program, including large picture books, and stories involving props (such as puppets).
- Toddler Time (18-36 Months)**  
Focusing on toddler's development through play. Parents and caregivers will engage in activities with their child.
- Together Time**  
Having the opportunity to socialize while children develop new skills in an early learning environment.
